Evening Event

6:00 – 8:30 Socialising at the Watershed

The Aniridia Network UK Trustees and anyone who wishes to join will head to the Watershed, a bar and cinema, after the conference for a fun evening of socialising. There will be a chance to test your sense of touch, smell and hearing with a mystery objects quiz. The Watershed has food that can be purchased for those who fancy a bite or enjoy one of their films with a friend.

If you want to come along in the evening but are worried about getting back to Bristol Temple Meads station for your trip home, just let an ANUK team member know when you're ready to leave and one of us will help you to the station.
