

# Aniridia Network UK Conference 2014

## Supporting organisations

The following organisations provided support for Aniridia Network UK Conference 2014. They specialise in providing information and support for those who are blind or visually impaired. Take a moment to visit their stands in the Brunel Room.

### **The Royal National College for the Blind (RNC)**

[www.rncb.ac.uk](http://www.rncb.ac.uk)

RNC is the UK's leading specialist residential college of further education for people with a visual impairment. They have over 60 programmes of study with a wide range of support in all areas. RNC has served a diverse audience for over 140 years.

### **Blind Children UK**

[www.blindchildrenuk.org](http://www.blindchildrenuk.org)

Blind Children UK's mission is to enable children and young people who are blind or partially sighted to achieve their educational and recreational goals. Their ultimate aim is every child with a visual impairment will be able to achieve their full potential during childhood and teenage years, and enjoy varied and purposeful lives as adults.

### **Calibre Audio Library**

[www.calibre.org.uk](http://www.calibre.org.uk)

Calibre Audio Library is a registered UK charity set up in 1974. They bring the pleasure of reading to people with sight loss or other disabilities through a nationwide postal service of

recorded books. Calibre offers a wide choice of unabridged books for all ages and all tastes.

## **Optelec**

[www.optelec.com](http://www.optelec.com)

Optelec is a Netherlands based company providing assistive products to more than 60 countries. They aim to help anyone with a sight difficulty or dyslexia by providing simple and effective assistive solutions. Optelec provides a wide range of products aiming to assist with all areas of life. Their flagship product is the ClearView+ which provides magnification of text and photographs up to 85 times their original size.

## **Doplin Computer Access**

[www.dolphinuk.co.uk](http://www.dolphinuk.co.uk)

Dolphin Computer Access provides assistive products for people with vision and print impairments. They aim to provide products that are innovative, easy-to-use, intuitive, and fit the needs of each user. Dolphin serves customers throughout the world. SuperNova is one of Dolphin's key products.

## **WESC Foundation**

[www.wescfoundation.ac.uk](http://www.wescfoundation.ac.uk)

WESC Foundation is a specialist day and residential centre offering a unique experience for young people and adults with visual impairment including complex needs. They use education, training, and the knowledge of experts to help young people with transitioning to school, college, and beyond. Their school offers a range of placements to suit the needs of each individual.
